WORK EXPERIENCE

ExcelR

Java Full Stack Trainee

May 2024 - Nov 2024

- Trained in Full Stack Java and Web Development, focusing on Java, Spring Boot, React, and MySQL.
- Developed web apps with Java, Spring Boot, and React, boosting workflow efficiency. Optimized MySQL for 25% faster data retrieval.
- Built and integrated APIs, enhancing real-time updates and data accuracy by 15%. Improved quality compliance with testing, cutting errors by 30%.

VeriTech Software Services Pvt. Ltd

Web Developer Intern

Feb 2024 - May 2024

- Trained in Web Development technologies including HTML, CSS, JavaScript, and React.
- Built data-driven web apps with HTML, CSS, and JavaScript for accurate representation.

EDUCATION

JNTUH College of Engineering, Hyderabad

B.Tech, Computer Science Engineering (CSE) - 6.15

Oct 2019 - May 2023

PROJECTS

Pavan Hotel Application

Dec 2024 - Jan 2025

- Developed a Spring Boot hotel booking system with AWS RDS (MySQL) for secure storage.
- Built RESTful APIs for real-time booking management and integrated AWS S3 for secure image uploads.
- Designed a conflict-free booking algorithm and optimized performance using Spring Data JPA and AWS SDK.

Full Stack Food Delivery App

Feb 2025 - Mar 2025

- Developed a restaurant discovery and food ordering platform with secure authentication and real-time order tracking.
- Integrated AWS S3 for secure image uploads of food items and user profiles.
- Implemented Razor pays payment gateway for seamless transactions.

Kanban Board React Application

Jan 2025 - Feb 2025

- Developed a Kanban board application using React Redux for efficient task management.
- Features include drag-and-drop functionality, a search bar to filter tasks, and four workflow stages: To Do, In Progress, Peer Review, and Done.
- Implemented local Storage for persistent data storage, ensuring tasks are retained across sessions.

SKILLS

Java | Spring Boot | RESTful APIs | AWS | Docker | NodeJS | MySQL | MongoDB | React.js | Git

CERTIFICATE

Certificate of completion Web Development Intern 

SQL and Relational Databases 101 (DB0101EN, provided by IBM)
