WORK EXPERIENCE

ExcelR Solutions

Java Full Stack Intern   May 2024 - Nov 2024

- Developed web apps with Java, Spring Boot, and React, boosting workflow efficiency. Optimized MySQL for 25% faster data retrieval.
- Built and integrated APIs, enhancing real-time updates and data accuracy by 15%. Improved quality compliance with testing, cutting errors by 30%.
- Managed CI/CD pipelines via Jenkins for seamless deployments.

VeriTech Software Services Pvt. Ltd

Web Deveoper Intern   Feb 2024 - May 2024

- Built data-driven web apps with HTML, CSS, and JavaScript for accurate representation.
- Enhanced ML solutions and UX with React & Angular. Used Git for version control and ensured data integrity. Optimized workflows with strong analytical skills.

EDUCATION

JNTUH College of Engineering, Hyderabad

B.Tech, Computer Science Engineering (CSE) - GPA 6.15   Oct 2019 - May 2023

PROJECT

Pavan Hotel Application 🔗   Dec 2024 - Jan 2025
- Developed a **Spring Boot hotel booking system** with **AWS RDS (MySQL)** for secure storage.
- Built **RESTful APIs** for real-time booking management and integrated **AWS S3** for secure image uploads.
- Designed a **conflict-free booking algorithm** and optimized performance using **Spring Data JPA** and **AWS SDK**.

Full Stack Food Delivery App 🔗   Feb 2024 - Mar 2025
- Developed a **restaurant discovery and food ordering platform** with secure authentication and **real-time order tracking**.
- Integrated **AWS S3 for secure image uploads** of food items and user profiles.
- Implemented Razor pays **payment gateway** for seamless transactions.

Kanban Board React Application 🔗   Jan 2025 - Feb 2025
- Developed a **Kanban board application** using **React**, **Redux**, and React DnD for efficient task management.
- Features include **drag-and-drop functionality**, a **search bar to filter tasks**, and **four workflow stages: To Do, In Progress, Peer Review, and Done**.
- Implemented local Storage **for persistent data storage**, ensuring tasks are retained across sessions.
- The application is **responsive, featuring smooth animations, toast notifications, and an intuitive UI** for seamless user experience.

SKILLS

Java | Spring | Spring Security | Maven POM | API | AWS |CI/CD | Jenkins | DevOps | Docker | MySQL | React.js
